RE: Praxair's Response to USEPA Request for Information

Dear Mr. Mirriam:

In Praxair's October 16, 2008 response to USEPA's Request for Information regarding the LCP Chemicals Superfund Site in Linden, NJ, reference was made to several documents that Praxair was in the process of duplicating for submission. The following documents were mentioned:

- 1) In Response No. 7 - "General Facility Site Plan and Sampling Locations."
- 2) In Response No. 9 - "Arrangement of Piping Plan Hydrogen Charging Plant, Linden."
- 3) In Response No. 20 - "Floor Plan for Hydrogen Compressor Building."

Kindly forward the referenced documents to me at your earliest convenience.

Very truly yours,
